This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

AN ACT

TO INCORPORATE "THE UNION LEAGUE CLUB" OF THE CITY OF NEW YORK.

PASSED FEBRUARY 16, 1865.

AS AMENDED BY CHAP. 160, LAWS OF 1867, PASSED MARCH 26, 1867.
AS AMENDED BY CHAP. 423, LAWS OF 1874, PASSED MAY 11, 1874.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

SECTION 1. Cornelius R. Agnew, Horatio Allen, James W. Beekman, Henry W. Bellows, Francis B. Cutting, John A. Dix, Wolcott Gibbs, John C. Green, George Griswold, David Hoadley, Murray Hoffman, William J. Hoppin, Charles King, Charles H. Marshall, Willard Parker, George T. Strong, Jonathan Sturges, Otis D. Swan, Moses Taylor, and such other persons as now are members of an Association in the city of New York called "The Union League Club," and such persons as hereafter shall become members of the corporation hereby created, are constituted a body corporate, by the name of "The Union League Club," to be located in the

city of New York, to promote, encourage, and sustain, by all proper means, absolute and unqualified loyalty to the Government of the United States; to discountenance and rebuke, by moral and social influences, all disloyalty to said Government, and every attempt against the integrity of the nation; and in furtherance of these objects, to establish and maintain a Library and a Gallery of Art and Military Trophies, especially devoted to the perpetuation and illustration of the patriotic services and sacrifices by which the existing struggle against rebellion has been characterized.

SEC. 2. Said corporation shall have power to make and adopt a constitution, by-laws, rules, and regulations for the admission, suspension, and expulsion of its members, and their government, the collection of fees and dues, the number and election of its officers, and to define their duties, and for the safe-keeping of its property, and from time to time to alter, modify, or change such constitution, by-laws, rules, and regulations. Until an election shall be held pursuant to such constitution, by-laws, rules, and regulations, the officers, for the time being, of the Association mentioned in the first section of this act, shall be the officers of the corporation hereby created.

SEC. 3. Said corporation may purchase and hold, or lease, any real or personal estate necessary and proper for the purpose of its incorporation, provided they shall not hold any real estate the value of

which shall exceed fifteen hundred thousand dollars; and the said corporation may issue bonds and may execute mortgages upon their real estate to an amount not exceeding the value of such real estate and the improvements thereon.

SEC. 4. Said corporation shall possess the general powers, and be subject to the restrictions and liabilities described in the third title of the eighteenth chapter of the first part of the Revised Statutes.

SEC. 5. This act shall take effect immediately.

The Union League Club

OF NEW YORK.

ARTICLES OF ASSOCIATION.

1. The condition of membership shall be absolute and unqualified loyalty to the Government of the United States, and unwavering support of its efforts for the suppression of the Rebellion.

2. The primary object of the Association shall be to discountenance and rebuke, by moral and social influences, all disloyalty to the Federal Government, and to that end the members will use every proper means in public and private.

3. We pledge ourselves, by every means in our power, collectively and individually, to resist to the uttermost every attempt against the territorial integrity of the nation.

ADDITIONAL ARTICLE OF ASSOCIATION, ADOPTED JANUARY 11, 1866.

4. It shall be the duty of the Club to resist and expose corruption, and promote reform in our National, State, and Municipal affairs; and to elevate the idea of American citizenship.

By-Laws.

OF OFFICERS AND THEIR DUTIES.

1. The officers of the Union League Club shall be a President, twelve Vice-Presidents, a Secretary, a Treasurer, and the members of the following Standing Committees: Executive Committee, Finance Committee, Committee on Admissions, Committee on Library and Publications, Committee on Art, Committee on Political Reform, and Auditing Committee; all of whom shall be elected by the members of the Club, at the annual meetings, and shall serve until their successors shall have been elected respectively, except so far as is otherwise provided by By-Law No. 16.

2. The President, or, in his absence, the Vice-President senior in order of election, and present, shall preside at all meetings of the Club. In the absence of the President and all the Vice-Presidents, a presiding officer shall be chosen, without ballot, from the members of the Club. The President shall be, *ex officio*, a member of the Executive and other Standing Committees.

3. The Secretary shall keep a record of the proceedings of the Club, and of the Executive Com-

mittee and the Committee on Admissions (of which Committees he shall be, *ex officio*, a member), and of all matters of which a record shall be deemed advisable by the Club, or by said Committees. The records of the Secretary, except those of the proceedings of the Committee on Admissions, shall, at all reasonable times, be open to the inspection of any member of the Club. It shall be the duty of the Secretary to notify members of their election, to keep a roll of the members of the Club, to issue notices for all meetings of the Club (with a brief mention of the business to be transacted when a special meeting is called), and to conduct the correspondence. He shall also be the keeper of the seal of the Club.

4. The Treasurer shall collect, and, under the direction of the Executive Committee, disburse the funds. He shall keep the accounts of the Club in books belonging to it, which shall be at all times open to inspection of the Executive Committee; he shall report in writing, at each quarterly meeting of the Executive Committee, the balance of money on hand, and the outstanding obligations of the Club as far as practicable, and he shall make a full report, at the annual meeting of the Club, of the receipts and disbursements of the past year, with such suggestions as to the financial management of the Club as he may deem proper. He shall turn over annually to the Finance Committee all surplus money accumulated from the current receipts of the year

next preceding his report. He shall be, *ex officio*, a member of the Executive Committee and Committee on Admissions.

5. The Secretary and the Treasurer shall respectively have power, with the approval of the Executive Committee, to employ, at the expense of the Club, such clerical aid as may be necessary in the discharge of their duties.

6. The general affairs of the Club shall be managed by the Executive Committee, consisting of fifteen members. The Executive Committee shall, subject in all respects (except as to expenditures) to such instructions and limitations as may be from time to time prescribed by the Club, exercise a general superintendence over the internal affairs of the Club; shall control and manage its property; and enforce the preservation of order and obedience to its rules. All appropriations of the funds of the Club, except as provided in the 15th By-law, and all directions for the use of the Hall or Club-rooms for other than for Club purposes, shall be made by the Executive Committee. It shall make all necessary purchases and contracts, but shall have no power to make the Club liable for any debt or debts to an amount exceeding one half that which at the time of contracting the same shall be in the Treasurer's hands in cash, and not subject to prior liabilities. At every annual meeting it shall report its proceedings, and may, at any time, recommend such measures as it may deem advisable. The Executive

Committee shall appoint a House Committee of three members, and may from time to time declare their duties. Whenever a Special Committee shall be appointed, a majority thereof shall be those not members of the Executive Committee. The Executive Committee is divided into three classes of five members each, and hereafter each annual election shall be for five members of said Committee, to hold office three years, to supply the place of the class retiring each year, and for such additional number, if any, as may be necessary to fill vacancies, to hold office during the remainder of the terms of the members whose places they fill.

No member of the Club who may have served on the Committee for three successive years shall, after the next annual election, be eligible again until at least one year after the expiration of his previous term of office.

7. The Executive Committee shall meet at least once in each month for the transaction of business, and eight members thereof shall be a quorum, except during the months of June, July, August, September and October, when five members shall constitute a quorum.

8. The Committee on Admissions shall consist of fifteen members, and shall be divided into three classes of five members each. The annual election to be held on the 13th day of January, 1887, shall be for fifteen members, five of whom to hold office for one year, five to hold office for two years, five to

hold office for three years, and thereafter each annual election shall be for five members of said Committee, to hold office for three years. The names and residences of all persons proposed for admission, with the name and signature of the member proposing them, and of the member seconding them, and date of posting, shall be first posted in a conspicuous place in the Club-house, at least fifteen days. They shall then be referred to the Committee on Admissions, the proceedings of which Committee thereon shall be secret and confidential, *and no member of such Committee shall be questioned as to the action of the Committee.* It shall be the duty of the Committee to make careful examination, and to consider all communications in reference to each individual proposed; they shall pass upon each name separately; but they shall not at any time pass upon any greater number of names than there are at that time vacancies to be filled under the 30th By-law. Two negative votes in the Committee shall prevent the recommendation of any person for membership. The Committee shall fix its own place and time of meeting. At every monthly meeting the Committee shall report the names of such persons proposed as they recommend for admission; and the Club shall thereupon proceed to vote, by ballot, upon the names so recommended. Negative votes to the number of one third of those cast shall exclude any person. Members shall be elected only at the regular

monthly meeting, but any non-resident member may at any time be classed as a resident member, by signifying his intention to that effect to the Treasurer, and paying a further admission fee of one hundred and fifty dollars, and he shall henceforth pay the full annual dues.

9. No person shall be proposed or admitted to be a member of the Club who is not at the time a citizen of the United States, having a right to vote, and who does not answer to the following requirements of the original Articles of Association of the Club:

"The condition of membership shall be absolute and unqualified loyalty to the Government of the United States."

And every person elected a member shall pledge himself to do all in his power to carry out the primary objects of the Club, which are to discountenance and rebuke by moral and social influences, and by all proper means, both in public and private, all disloyalty to the Federal Government, and to resist to the uttermost every attempt against the territorial integrity of the nation.

10. No candidate who shall have failed to be elected by the Club shall be again proposed for one year, except upon the recommendation of the Executive Committee, such recommendation to be posted at least two weeks prior to a monthly meeting.

If any person elected shall not, within three

months after notice of his election, left at or sent to his address, as specified by the member proposing him, signify his acceptance and pay his admission fee and annual dues, he shall be deemed to have declined to become a member.

11. The Committee on Library and Publications shall consist of seven members, and shall have charge of the Library and Reading-room, with authority to expend such sums of money upon the same as may be voted therefor by the Executive Committee or procured by voluntary subscription.

12. The Committee on Art shall consist of seven members. It shall be the duty of the Committee to expend such sums as shall be appropriated by the Executive Committee, or obtained by voluntary subscription, for procuring works of art and relics, and to make all proper efforts to enlarge and display the collection; and to procure and display in the Club-house from time to time loan collections of works of art.

13. The Auditing Committee shall consist of three persons, two of whom shall be a quorum. The duty of the Auditing Committee shall be to audit and settle the accounts of the Treasurer and Finance Committee, and to present their report thereof at each annual meeting.

14. The Committee on Political Reform shall consist of thirteen members, and shall have general charge of all matters coming under the Fourth Article of the Association, with authority to ex-

pend such sums of money as shall be appropriated to them by the Executive Committee or obtained by voluntary subscription.

15. The Finance Committee shall consist of five members, none of whom shall at the time of their election be members of the Executive Committee. They shall be elected by the Club by ballot at a regular meeting thereof, and only upon the nomination of the Executive Committee, which nomination shall be made at a regular meeting previous to that at which such election takes place.

The members of said Committee shall hold their offices until death, resignation, or removal for cause, and every vacancy occurring in the said Committee shall be filled by the Club on the nomination of the Executive Committee, in the same manner and under the same restrictions as hereinbefore provided.

The Treasurer of the Club shall, at the end of each year, pay over to the said Committee all surplus and unappropriated moneys which remain in his hands after payment in full of the disbursements and expenses of such year.

The moneys, the securities, and the proceeds of the securities so received by the said Finance Committee shall be invested in the securities of the United States or of the State of New York, or in such other securities as are considered by them safe and competent investment for Trust funds. Full power and authority is conferred upon the said

Finance Committee to collect and receive such income, interest, and profits, and from time to time dispose of the said securities for the purposes aforesaid, and which shall continue to be invested as a reserve fund, until the further resolution of the Club, in relation thereto, adopted upon the same notice which is required for an amendment by these By-laws.

16. Any officer may be removed for cause, at any meeting of the Club, upon two weeks' notice, and any vacancy in any office may be filled for the residue of the term by the Club, at any meeting thereof, except as herein otherwise provided.

Neglect on the part of any member of a Standing or Special Committee to attend three consecutive meetings of such Committee, shall be deemed a tender of his resignation of his office, which the Committee may accept, unless an explanation of such neglect, satisfactory to the Committee, shall be given.

Every Standing Committee, except the Finance Committee, shall have power to fill any vacancy in its membership until the next annual election, which shall be more than ten days after the vacancy occurs.

OF MEETINGS.

17. The annual meeting of the Club shall be held on the second Thursday of January, for the election of officers and the transaction of such other business as may come before it.

The general meeting shall be held at eight o'clock P.M., but the polls for the election shall be opened at half-past six o'clock P.M., and they shall remain open for three hours.

At the monthly meeting in December, in each year, a Committee of seven shall be chosen by the Club at large, in such manner as shall then be determined, who shall select and post in a conspicuous place in the Club-house, at least ten days before the annual meeting, the name of a candidate for each office to be filled at the ensuing election. At the same meeting three inspectors and canvassers of the ensuing election shall be elected in like manner, any two of whom shall be a quorum; and, if necessary, the Club may fill vacancies at or before the election.

The rules and orders of Cushing's Manual shall govern the meetings of the Club, so far as they are applicable and not inconsistent with these By-laws.

One hundred members shall be a quorum at all meetings of the Club.

18. There shall be a monthly meeting, for the election of members and the transaction of business, on the second Thursday of every month, except July and August, at 8 P.M.

19. Special meetings of the Club may be called at any time by order of the President, with the approval of three members of the Executive Committee, and shall be called by the Secretary whenever the President or any Vice-President shall be

thereunto requested in writing by twenty-five members, setting forth the purpose of such meeting. At any such special meeting no business, other than that specified in the call, shall be considered except by unanimous consent.

20. At the meetings of the Club the order of business, so far as the character and nature of the meetings may admit, shall be as follows:

1. Reading the minutes of the last meeting.
2. Election of new members.
3. Reports of Standing Committees.
4. Reports of Special Committees.
5. General business.

But this order of business may be changed by a majority of the meeting.

All Special Committees for any purpose shall be appointed by the presiding officer, unless otherwise ordered.

Whenever any resolution or action shall be proposed or pending in the Club, which calls for the expression of its opinion touching any public matter, if the same be objected to by any member, and such objection be seconded, it shall at once be the duty of the presiding officer to state the objection, and to call upon those who sustain the same to rise; and if twenty-five members shall rise in support of such objection, then such resolution, and subject of the proposed action, shall be referred to a Standing or Special Committee, who shall report thereon at the next meeting of the Club. And upon the com-

ing in of such report, the same, and the resolutions, and the subject referred to, shall be deemed before the Club for discussion and action thereon, without further right of such objection.

No member shall be permitted to speak more than once on the same subject, nor more than ten minutes at one time, without the unanimous consent of the Club.

21. No person, not a member of the Club, shall be present at any meeting thereof, unless he shall be specially invited by the President or the House Committee.

22. All elections, except as otherwise provided, shall be by ballot, and a majority of votes cast shall be sufficient, except for the election of new members.

The Secretary shall furnish to the inspectors of elections, prior to the annual meeting, an alphabetical list of all members entitled to vote for officers at the ensuing election. The Secretary shall see that all By-laws regulating the elections of the Club are published at least once, as required by statute, and the inspectors of the election shall, before acting, take the oath also required by statute.

23. Proxies shall not be permitted.

OF MEMBERS.

24. No member shall receive any salary, emolument, or profit from the funds of the Club, unless the same be especially appropriated by the Club and the Executive Committee.

25. No member shall give any money or gratuity to a servant of the Club.

26. All resignations shall be made, in writing, to the Executive Committee; but if made after the second Thursday of January, such resignation shall not discharge the member presenting it from his dues for the current year. All interest in the property of the Club, of members resigning, or otherwise ceasing to be members, shall be vested in the Club.

27. If the conduct of a member shall appear to the Executive Committee to be disorderly, ungentlemanly, in violation of the rules, prejudicial to the interests or character of the Club, or contrary to its Charter or By-Laws; or if, by his acts or conversation, he shall seem to the Committee to manifest a spirit of disloyalty to the Government of the United States, the Committee shall inform him thereof in writing, and, if the nature of the offence in its opinion require it, may suspend him from the privileges of the Club for a period not exceeding six months, or request him to resign.

28. Should such information or request be disregarded, the Executive Committee shall refer the matter to the next stated meeting of the Club, or to a special meeting thereof, of which reference not less than two weeks' written notice shall be given to the offending member.

29. At such meeting the nature of the offence shall be considered, and the member complained of may be censured or expelled by a vote of a majority

of the members present. A vote involving censure or expulsion shall be decided by ballot.

30. The total membership of the Club, liable for annual dues, shall not exceed sixteen hundred.

The admission fee of members elected hereafter shall be three hundred dollars. The annual dues of resident members shall be seventy-five dollars, and the annual dues of non-resident members shall be forty-five dollars, payable in advance, on the second Thursday of January, at which time the fiscal year shall commence. If not paid within thirty days thereafter, the name of the delinquent shall be posted by the Treasurer in a conspicuous place in the Club-house; and should he neglect payment, without good cause, until the first day of March, he shall thereupon cease to be a member. *Provided*, That upon his written application, and the payment of all dues to the date thereof, the Executive Committee may, upon such terms as it may deem proper, remit the penalty of this By-law; of all which the Secretary shall make a minute. *And provided further*, That the penalty of this By-law shall not apply to the case of a resident member who may be ill or absent from the City of New York. No member, while classed as a non-resident, shall be entitled to vote.

31. Any member who has paid an admission fee and the annual dues for one year, and who may be absent from the city of New York in a foreign country for a continuous period of a year, shall be

exempted from the payment of the annual dues for the period of his absence, if he shall give previous written notice to the Treasurer of his intention so to be absent.

32. After the 1st day of October, 1882, no person shall be elected as a non-resident member.

Officers of the Army and Navy, and Clergymen, shall pay an admission fee of one hundred and fifty dollars, and thirty dollars annual dues.

Whenever any non-resident shall become a resident of any place within fifty miles of the city of New York, he shall thenceforth be classed as a resident member, shall be entitled to vote, and be liable for full dues and the payment of another admission fee of one hundred and fifty dollars.

Officers of the Army and Navy may, on giving notice to the Treasurer, be discharged from liability from dues when absent from the city for one or more years on official service, and in the event of such officer of the Army and Navy visiting New York *under orders*, he shall not be liable for the payment of dues by reason thereof.

Members elected before the 13th day of October, 1881, and on that day residing within fifty miles of the city of New York, shall not, by reason of continuing such residence, be deemed resident members.

33. Persons who shall be elected members of the Club after six months of any fiscal year shall have expired, shall pay only half the amount of dues for that fiscal year otherwise required.

34. The Club may, at any regular meeting, elect honorary members, who shall be nominated by the Executive Committee. Such honorary members shall have all the privileges of the Club except voting at meetings and being eligible for office.

OF STRANGERS.

35. Any member may personally introduce non-residents to the rooms of the Club for one day, their names, and that of the member introducing them, and the date of such introduction, having been first entered in a book to be kept for that purpose.

The Executive Committee may make regulations as to the extension of the privileges of the Club to non-resident strangers.

No resident of the city of New York, not a member of the Club, shall be admitted to the Club-house, except to the reception-room, private dining-rooms, and art gallery, without the consent of the House Committee first obtained.

36. The Executive Committee may give a written invitation to any stranger, which shall entitle him to visit the Club-house for one month, or such longer period as the Committee may deem proper.

37. No person, except a non-resident foreigner, shall be admitted into the Club-house, who does not give his unwavering support to the Government; and if any person disloyal to the Government of the United States be knowingly introduced to the Club-house by a member of the Club, such member shall be expelled for the offence.

MISCELLANEOUS.

38. No person shall take from the Club-house a newspaper, pamphlet, book, or other article, the property of the Club, nor mutilate, deface, or destroy the same.

39. Books, pamphlets, and newspapers shall not be removed from the reading and drawing-rooms.

Report of the Executive Committee

OF THE

UNION LEAGUE CLUB.

JANUARY 9, 1890.

In compliance with the provisions of the Sixth By-Law, the Executive Committee reports its proceedings for the year 1889.

The business of the Club which is entrusted to the Committee has received its consideration at regular meetings held every month during the year, as required by the By-laws, and at special meetings called as occasions have arisen. The internal affairs of the Club have received faithful attention, and have been conducted with the purpose of serving its best interests and according equal rights to all its members. Such changes as have seemed necessary have been effected with less friction than might reasonably be expected in so large a membership of varied tastes and habits. The property of the Club, while protected, as is usual, by insurance, has also been maintained at a high standard of excellence by expenditures for construction and repairs not in excess of the average annual amount.

The finances of the Club are in good condition. There is no debt except the bills for current expenses usually carried over, and the aggregate of these is less than for several years past. A comparison of the amount of bills outstanding December 1st, 1888, and December 1st, 1889, and an account of supplies on hand at the same dates, will show that a net gain of about thirteen thousand dollars has been made during the year. This might be largely increased, if the policy were adopted of making the restaurant self-sustaining. The effort to provide for members the best obtainable cuisine, at prices less than cost, subjects other departments of the Club to a considerable and an increasing burden, and keeps the net revenues lower than the total income would seem to warrant. The By-laws provide that the total membership of the Club liable for annual dues shall not exceed sixteen hundred, and that members who may be absent from the city of New York in a foreign country for a continuous period of a year, may be exempted from the payment of dues during the period of absence. The total membership of the Club is sixteen hundred and fifty-two, and of this number fifty-nine are exempt from payment of dues, under the provision mentioned.

During the year the Club has lost thirty-seven of its members by death. The detail of changes and of membership is shown by the following statement:

It is a fair summary of the financial situation, to say that the Club is free from debt; that it owns its house and contents, and that it makes a small net gain each year. It should be added that the Club-house stands on leased ground; that the membership is full, and that the annual revenue from dues and admission fees has reached its maximum.

The changes of membership caused by resignation, death, and by the election of new members to fill the vacancies thus caused, suggest that while the Club is in so prosperous condition, it would be wise to accumulate a moderate reserve fund to provide for possible seasons of diminished prosperity. This might easily be effected by a trifling advance of restaurant charges.

The reports of the various committees, and their work as submitted to the observation of members

throughout the year, indicate zealous and effective effort in behalf of the Club.

A sub-committee on entertainments, appointed by the Executive Committee from its own number, has provided three enjoyable and instructive illustrated lectures in the assembly room. The large attendance of members and their families on these occasions, indicates a general approval of this method of utilizing the assembly room and of extending to the homes of members an interest in the affairs of the Club. It is hoped the work of this sub-committee may be continued.

In the month of December a reception was given to the members of the Congress of American States and their families. The reception was admirably conducted, and reflected especial credit on the House Committee and the Committee on Art, to whose intelligent efforts its success was largely due.

An examination of our membership report shows that a constant and somewhat rapid change in the composition of the Club is in progress. But the principles of the Club remain unchanged. The condition of membership is still "absolute and unqualified loyalty to the Government of the United States."

It is confidently believed, that the new members who take the vacant places in our ranks, not less than the old members whose places they are gradually filling, keep constantly in mind the objects announced in our articles of association: to rebuke

disloyalty to the Federal Government; to resist to the uttermost every attempt against the territorial integrity of the nation; to resist and expose corruption and promote reform in our National, State and Municipal affairs; and to elevate the idea of American citizenship. All of which is

Respectfully submitted,

Report

OF THE

Committee on Library and Publications

FOR THE YEAR 1889.

On entering upon its duties the Library Committee asked for and received from the funds of the Club an appropriation of $4,000, which has been expended in the purchase and binding of books and in subscriptions for magazines, periodicals and newspapers, as will be seen by the appended schedule of expenditures.

Our list of periodicals, domestic and foreign, will be found to embrace the most important and desirable publications of this kind to be found in the most enlightened literary, artistic and scientific institutions; our newspaper files have been daily supplied with journals from almost all our large cities, and some representative journals of London, Paris and other foreign cities, while on the reading room tables have been spread in liberal profusion the best and most richly illustrated journals of England, France, Germany, Italy, Spain, and the United States.

In relation to the library proper a word or two of reminiscence may not be out of place here. The first Library Committee appointed by this

Club was in 1864, when it possessed a mere armful of books, kept under lock and key in an unfrequented part of the old club-house at Union Square. From this date on, up to the completion of the present home of the Club, there was a small but most judicious yearly augmentation of the number of books, which meanwhile had been classified and catalogued, and made easily accessible to the members, in handsome book cases admirably arranged in an appropriately furnished apartment. On removing these books, which fairly filled the cases at the old club-house, to the new library, they made but a beggarly show on the wealth of shelves provided for them. The question then arose, how to supply the needed books to build up a library worthy of the home provided for it. The Committee of that date determined to ask for a large appropriation from the funds of the Club, and made an individual appeal to the members for donations of money and books in the interests of the library, which met with a most generous response. The large fund thus gathered, some $10,000, was expended for books in laying a broad foundation for a library of reference — of American history — embracing, especially, works illustrative of the War of the Rebellion, with a collateral addition of the best works by the most renowned writers on history, philosophy, science, *Belles-Lettres*, the drama, and a dainty sprinkling only of standard works of fiction.

In the purchase of books during the last year, your Committee have adhered to this settled scheme of building up the library and depended upon the Club's subscription to the Mercantile Library for the supply of unimportant works of transient interest asked for by the members.

Since the memorable and auspicious impulse given to the growth of the library as just stated, through the continuous liberality of the Club in this relation and the generosity of individual members in the donation of valuable books, and the faithful adherence of subsequent committees to the original design of *constructing* a library instead of bringing together a miscellaneous collection of books, the Union League Club of New York now possesses a library of which the members may well be proud—UNEQUALED, CERTAINLY—UNSURPASSED BY THAT OF ANY CLUB IN THIS COUNTRY.

In conclusion, your Committee take great pleasure in noting that the treasure and pains expended by this Club in the interests of literature, art and culture have not been in vain, for the Library, the art exhibitions and the lectures in the auditorium on subjects æsthetic (recently so auspiciously inaugurated by the Executive Committee) are becoming formidable rivals of the Café, which is a great gain in club life, inasmuch as, though cakes and ale, and so following, *do* solace and sustain and withal promote good fellowship, such

relays are not so rich in benefits to mankind as is an acquaintance with the best thoughts and works of the brightest intellects, for, after all, "'Tis the mind that makes the body rich," and "Knowledge is the wing wherewith we fly to heaven."

On retiring, your Committee must therefore commend to the Club a continuation of its fostering care and generosity to its Library, thereby enlarging to high ends its opportunity for entertainment and study, and conferring upon the Club itself DIGNITY and CHARACTER.

Respectfully submitted.

WM. ARGYLE WATSON,
Chairman Library Committee.

GOUVERNEUR M. THOMPSON,
Secretary.

Report

OF THE

COMMITTEE ON ART.

NEW YORK, January 9, 1890.

The Art Committee have the honor to report that they have given six exhibitions during their term of office, and were entrusted with the decorating of the Club-house at the reception to the Pan-American delegates on December 17th, 1889.

Fewer pictures have been hung than formerly, but these have been of high artistic merit. Paintings by famous old masters and notable works by modern artists have been shown (many for the first time in this country). Pictures by native artists have appeared in each display, and the last exhibition was composed entirely of landscapes by them.

An innovation in club art exhibitions in this country, was the showing of handsome art objects in connection with each collection of oil paintings and water colors. There have been five comprehensive exhibitions of Oriental art, including antique Chinese single color glazes, old blue and white porcelains, ancient Japanese art, decorative Chinese porcelains, and a collection of carved jade.

Greek art was considered in the sixth and last display, when the unique terra-cotta figures and the beautiful forms of vases were arranged for examination and study. The catalogue has received due attention, and brief explanatory notes were a feature in each issue of the book.

The Club now owns the cases in the galleries, and your Committee respectfully suggest that these cabinets may be gradually filled with veritable art objects, either given by the members or loaned by them, so that at all times the rooms may be attractive and open to them and their guests. The Committee have the pleasure to announce that some gifts have already been promised, and we hope that the day is not far distant when our gallery shall never be closed to members, but open and interesting to them, because of the accumulated and well displayed objects of art gathered there for their inspection. If this view is acceptable, we believe that a fixed sum of money should be appropriated annually for the purchase of paintings by American artists, when favorable opportunities are offered. With these hoped for accessions of pictures, and those now unfavorably hung about the Club rooms, a permanent exhibition could be one of the features of the Club. As the monthly displays are planned, these works could be removed to make room for the fresh contributions.

In all the complications of soliciting pictures and art objects, collecting, arranging and returning the

same, your Committee have had the most generous co-operation of the distinguished collectors of this country, and the leading firms of dealers in this city have loaned their possessions with most liberal conditions.

If the Club members and their friends have felt that the exhibitions of the past year have been beautiful and instructive, such an achievement is almost wholly due to the remarkable aid and courtesies of American amateurs, whose art treasures have from time to time enriched the gallery walls and cabinets.

Respectfully submitted,

EASTMAN JOHNSON,
Chairman.

Report

OF THE

COMMITTEE ON POLITICAL REFORM.

NEW YORK, January 9, 1890.

The Committee on Political Reform respectfully report as follows:

At the commencement of the current year the country had just passed through the most important general election that has taken place since 1860. The principles of the Republican party during the canvass had been discussed in the press and on the platform, and the verdict of the people had been taken in favor of Republican principles in national affairs. In State affairs in this State it was a divided result, the Democracy having secured the Executive and State offices, while the Republican party secured the Legislature.

It is not too much to say that the public was weary of political discussions, and the Committee deemed it advisable not to make many reports.

The Club referred no questions to your Committee for its consideration.

During the winter of 1889 there was pending in the Legislature the important question of prison

labor. On January 29th this Committee made a carefully considered report on that subject, which was adopted by the Club. Some of the members of the Committee took an active part in promoting the passage of the prison labor bill of last winter. Late in the spring of 1889, the Chairman of the Committee, Hon. Whitelaw Reid, resigned his chairmanship, he having been appointed to the honorable position of Minister to the Republic of France. The Committee take this occasion to record their high appreciation of his ability and uniform courtesy. His learning and varied experience made him a sagacious and safe counselor.

In October the Committee elected a chairman to fill the vacancy.

In December a report was made in favor of high license, which was adopted by the Club.

Herewith is submitted a report on ballot reform. This reform is believed to be one of the most pressing and important of the day, and no occasion should be omitted to help it forward.

The Committee is impressed with the idea that all great movements and reforms are carried forward by the repeated and persistent support of the friends of the measures. It has required constant effort for centuries to bring the world to its present state of morals and civilization. This Club is committed by its history and its articles of association to reform measures. Its influence will be of little value if it fails to discuss these reforms fearlessly

and persistently. All questions that greatly move the people, and that finally result in practical good, need to be presented from time to time in the various lights in which such questions can be viewed. The Committee has acted upon what it understood to be the desire of the Club, and presented as briefly and sharply as it could only important public questions.

Various subjects have been brought before the Committee and are now under consideration, but no reports have yet been agreed upon.

Respectfully submitted,

E. B. HINSDALE,
Chairman.
